

WILDLIFE HOSPITAL

Calling all wildlife doctors! It's time to rehabilitate some wildlife and get them back out into the wild. This week, campers will experience the entire process of how to take care of an animal from the moment it is brought through the front doors of Wildlife Images. Campers will participate in daily tours through the facility, engaging lessons, STEAM activities, interactive play, and more. For a special experience, our campers will meet with our rehabilitation clinic staff and hear about all they do when an animal's life is on the line. This week will be especially fun for those campers who want to work with animals as a career later on in life!

OCEAN COMMOTION

There's a commotion in the ocean! Come and meet some of the many creatures that call Earth's oceans home. Campers will have a whale of a time learning the ways that many creatures survive and thrive in the sea. Campers will participate in daily tours, arts and crafts, STEAM activities, interactive play, and more. We can't wait to 'shell-abrate' these aquatic animals, so come and join our Ocean Commotion!

GOING BUGGY

Are you ready to BUG OUT this week at Wildlife Images?!? Come learn all about bugs and their creepy, crawly world because summer is the perfect time to learn about them! Campers will learn what kinds of bugs live in their own backyard and how many kinds of bugs there really are in the world. Campers will take daily tours, participate in engaging lessons, arts and crafts, STEAM activities, and experience interactive play. Come join us if you are ready to go BUGGY!

G'DAY MATE!

Travel with us to the wilds of Australia! From the outback to the Great Barrier Reef, campers will learn all about the unique animals of Australia, and how they have adapted to survive their harsh environment. Campers will participate in daily tours, engaging lessons, arts and crafts, STEAM activities, and interactive play. Laugh like a kookaburra and smile like a crocodile at our amazing Australian animals week!

SHARK WEEK

Chomp! Chomp! Wildlife Images is hosting our very own Shark Week! Campers will absolutely LOVE this week as we learn about one of the most feared animals in the ocean...the shark! They may leave a bit surprised by the end of the week as they realize these scary creatures are not so scary after all. Sharks are one of the most amazing creatures on our planet! Campers will take daily tours, learn through engaging lessons, make art projects and crafts, and have plenty of STEAM activities and interactive play to keep them engaged at camp all week long.

BIRDS OF A FEATHER

Birds of a feather flock together! Flock with us to learn all about birds. From the birds in your backyard to those at the farthest ends of the earth, these amazing creatures have lots to share. Campers will participate in daily tours, arts and crafts, STEAM activities, interactive play, and more. We can't wait to see our campers learn about these brilliant birds!

KRITTER KITCHEN

This is one of the most popular camps at Wildlife Images! Campers will spend the week preparing diets for our resident animals and learning all about how and what animals in the wild eat. They will also learn the mysteries of how a koala will eat only one food item its entire life or a crocodile can go a year without eating! Through daily tours and engaging lessons, arts and crafts, STEAM activities, and interactive play, we will learn what different Kritter Kitchens look like.

NIGHT LIFE

Come meet the animals that own the night! Learn how nocturnal animals have adapted to the world of the dark. How do bats navigate, and why are opossums so good for the environment? Campers will participate in daily tours through the facility, engaging lessons, STEAM activities, interactive play, and more. Come explore the world of nighttime creatures and join the Night Life!

WILDLIFE WARRIORS

Campers will learn how they can save wildlife starting at a young age. This week, they will explore what conservation is and how our efforts can help save wildlife around the planet. Campers will also learn how rangers and conservation officers track wildlife and how this tracking helps conservation efforts. Campers will participate in daily tours, arts and crafts, STEAM activities, and interactive play. We think that by the end of the week, these warriors for wildlife will have earned their new Wildlife Warrior titles and leave Wildlife Images with a renewed effort to save wildlife.

RAINFOREST FRIENDS

Become a friend of the rainforest! Learn all about the animals that live in this wild environment and just how important the rainforests are. Campers will participate in daily tours, arts and crafts, STEAM activities, and interactive play, and more. What makes a rainforest and why do we need them? From the forest floor to the canopy, campers will be invited to join us on this expedition to explore the world of rainforests!
