

WILDLIFE HOSPITAL

Calling all wildlife doctors! It's time to rehabilitate some wildlife and get them back out into the wild. This week, campers will experience the entire process of how to take care of an animal from the moment it is brought through the front doors of Wildlife Images. Campers will participate in daily park tours, engaging lessons, STEAM activities, interactive play, and more. For a special experience, our campers will meet with our rehabilitation clinic staff and hear about all they do when an animals' life is on the line. This week will be especially fun for those campers who want to work with animals as a career later on in life!

OCEAN COMMOTION

There's a commotion in the ocean! Come and meet some of the many creatures that call Earth's oceans home. Campers will have a whale of a time learning the ways that many creatures survive and thrive in the sea. Campers will participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more. We can't wait to 'shell-abrate' these aquatic animals, so come and join our Ocean Commotion!

SHARK WEEK

Chomp! Chomp! Wildlife Images is hosting our very own Shark Week! Campers will absolutely LOVE this week as we learn about one of the most feared animals in the ocean...the shark! They may leave a bit surprised by the end of the week as they realize these scary creatures are not so scary after all. Sharks are one of the most amazing creatures on our planet! Campers will participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more to keep them engaged at camp all week long.

BIRDS OF A FEATHER

Birds of a feather flock together! Flock with us to learn all about birds. From the birds in your backyard to those at the farthest ends of the earth, these amazing creatures have lots to share. Campers will participate in daily park tours, arts and crafts, STEAM

activities, interactive play, and more. We can't wait to see our campers soar into knowledge about these amazing creatures.

WILDLIFE WARRIORS

As official members of the world-renowned Wildlife Warrior team, we understand the importance of teaching youth how to save wildlife. This week, they will explore what conservation is and how our efforts can help save wildlife around the planet. Campers will also learn how rangers and conservation officers track wildlife and how this tracking helps conservation efforts. Campers will participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more. We think that by the end of the week, these warriors for wildlife will have earned their new Wildlife Warrior titles and leave Wildlife Images with a renewed effort to save wildlife.

RAINFOREST FRIENDS

Become a friend of the rainforest! Learn all about the animals that live in this wild environment and just how important rainforests are. Campers will participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more. What makes a rainforest and why do we need them? From the forest floor to the canopy, campers will be invited to join us on this expedition to explore the world of rainforests!

WORKING WITH WILDLIFE

Calling future wildlife workers! Does your child want to work with animals one day? This week is a great opportunity to explore all the ways they can work with wildlife. Activities and lessons will explore zookeeping, wildlife rehabilitation, conservation, and more! Campers will take part in daily park tours, arts and crafts, STEAM activities, interactive play, and more as they learn all about working with wildlife!

*This camp is recommended for older campers, ages 9-11.

RADICAL REPTILES

Crocodiles, lizards, and snakes, OH MY! We're learning all about reptiles! Join us as we explore the many species that make up this fascinating class of animals, from extinct

dinosaurs to the snakes and lizards in our modern gardens. Big and small, reptiles are some of the most fascinating animals on the planet. Campers participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more. Join Camp EEK as we slither and slide into the world of reptiles!

CURIOUS CATS

Don't miss out on this *purrfectly* amazing camp week! This week we're learning all about cats, big and small! Why do cats knead, how do lions roar, and how far can a lynx leap? Campers will explore all this and more as they indulge their curiosity in the world of cats, and come back satisfied. Join us for daily park tours, arts and crafts, STEAM activities, interactive play, and more. We think this theme is the cat's pajamas!

EXTREME ANIMALS

Join us this week to learn all about out-of-this world wildlife! From animals who exist in the most extreme conditions on Earth, to animals who can regenerate lost limbs. Have you ever heard of animals that can survive in outer space? What about animals who never poop? These are the extreme animals we will learn about this week! Campers will participate in daily park tours, arts and crafts, STEAM activities, interactive play, and more!
